Dear S,  
I don't know quite.  
Sometimes I don't insert paragraph breaks  
and ever since I discovered that my

Again, in the middle of the street  
this time a woman is walking across  
with a baby in a carry along sling  
the baby's shoe falls off in the middle

we notice.  
try to get her attention  
get it  
your baby's show has fallen  
she runs back  
in the middle  
to pick it up  
with her baby  
cars about to come  
we want to tell her not to run in the middle of the street  
with your baby

When the light is changing  
She holds her hand out as a defense
